

Canebrella

You CANE walk the walk

Presented by Yasmin Wang

You might be concerning...

REFUSAL TO THE CANE

Does using a cane makes you feel like a patient when walking?

ELDERS GOING OUT

Does the possibility of getting lost or wandering off bothers you?

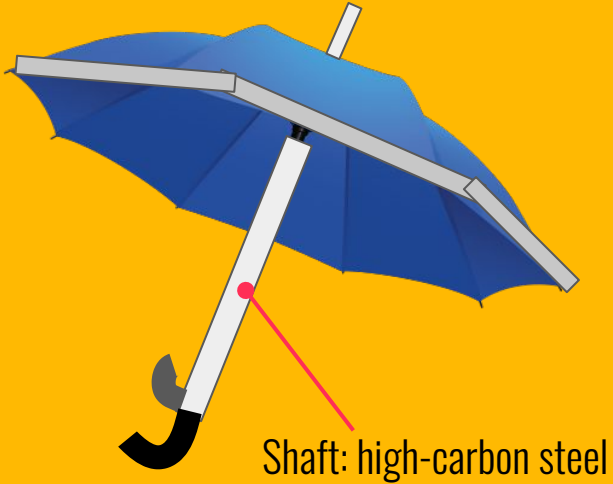

SAFETY CONCERN

Are you worrying about the fall risk?

FAR FROM YOUR FAMILY

Your family cannot locate you right away when accidents happen if you live far away from each other.

CANE-UMBRELLA SEPARABLE

Cane + Umbrella

Cane

A small hook: to grab the umbrella easier after separating the cane from it

Umbrella

Even in a rainy day, you can pull out the cane part and use the umbrella at the same time.

GPS LOCATOR & EMERGENCY BUTTON

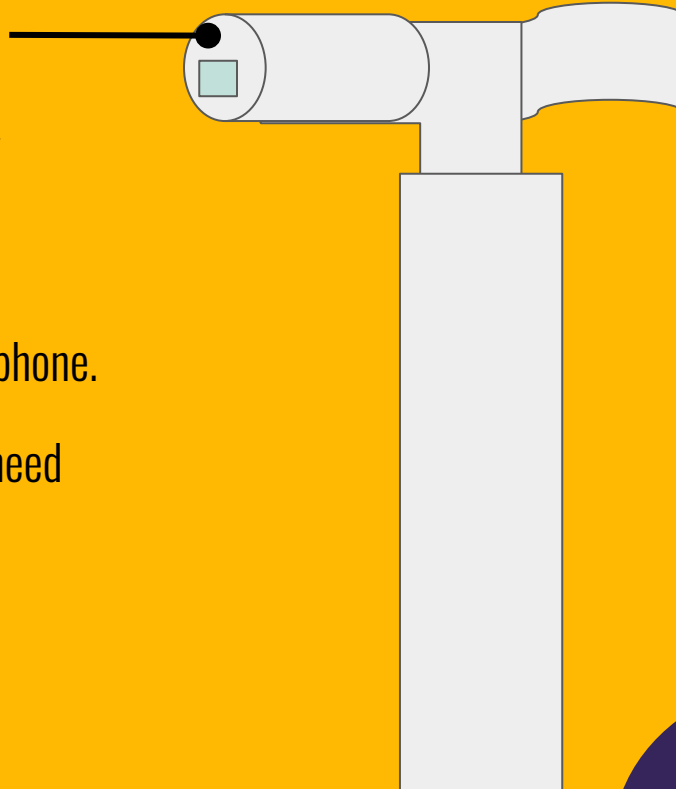

- GPS locator installed inside.

The GPS is binded to your other family members' phone.

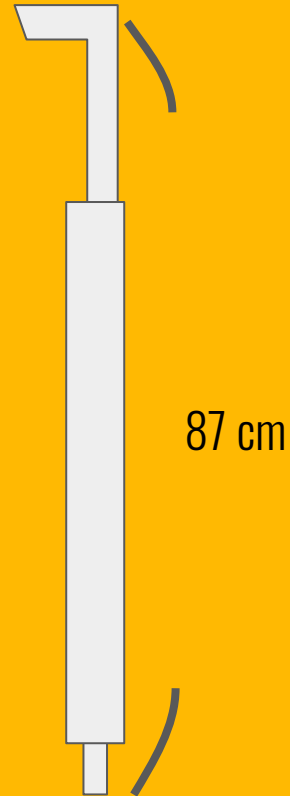

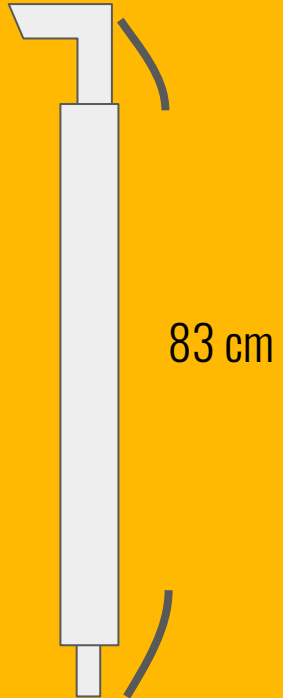

- Press **the button** to send out an emergency signal to the binded phone.

Your family member would know you need help and locate you immediately.

- With 1-year battery life.

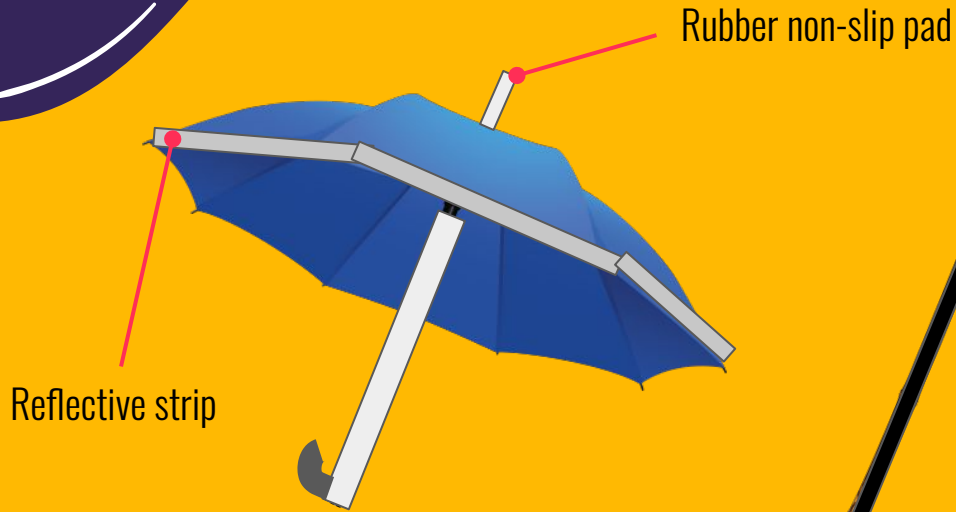

ADJUSTABLE LENGTH

You can adjust the length of Canebrella based on your own need.

Why is Canebrella better than others?

- Canebrella:** 650g, multiple safety features
- w/ two components in one but **weighs less**
 - rubber non-slip pad, GPS, and reflective strip

- Traditional Umbrella Cane:** 680g, w/ a non-slip pad
- Only with the umbrella component but weighs more
 - Only has rubber non-slip pad
